Fuelling The New Revolution in Grilling

Power and Performance for Great Flavour

Broil King's legendary cooking system is designed to maximize heat retention and vaporize juices to infuse great flavour.

[WATCH VIDEO](#)

1. Thermo-Flow™ Cook Box

The enclosed cook box design with restricted air vents retains heat for the most fuel-efficient grilling ...lid up or lid down.

2. Dual-Tube™ Burners

Powerful tube-in-tube side ported burners provide unmatched high to low performance with exceptionally even heat.

3. Flav-R-Waves™

Evenly distributes infra-red and convective heat and maximizes vaporization of juices.

4. Flav-R-Cast™ Grids

The deep inverted "V" design vaporizes juices and transfers conductive heat for a perfect steakhouse sear.

TaKing Control

iQue is auto-pilot for your grill.

Master the art of smoking, roasting, rotisserie cooking and grilling.

Choose gas, pellet, or charcoal fuel, and let iQue handle the rest.

Grill with confidence, precision and control with the push of a button.

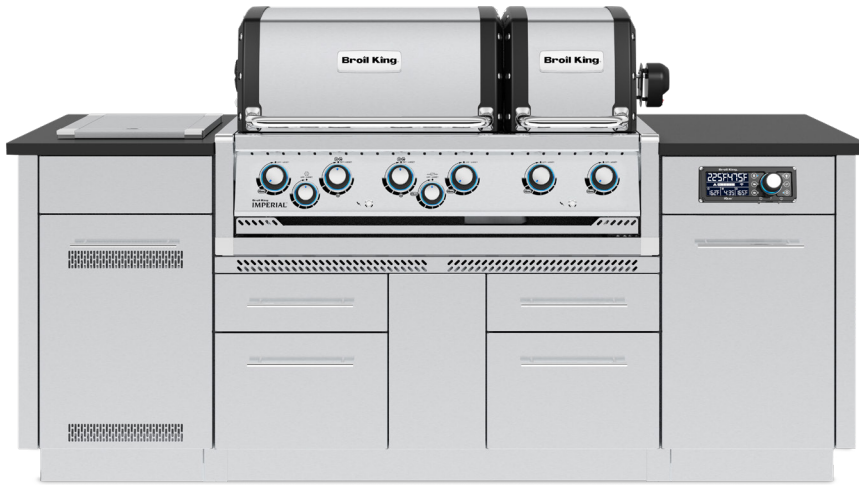

Ignite - Set - Go ... it's that easy.
