

Cal Flame®

SINCE 1978

AWARD WINNING EXCELLENCE

Exclusive PATENTED CONVECTION TECHNOLOGY

An option once only found in the kitchen is now available for the cooking enthusiast outdoors. Convection cooking uses high velocity fans to distribute hot air throughout the entire cavity of the grill when the grill hood is shut. By circulating hot air, cooking times are greatly reduced and food is cooked evenly. Compared to conventional barbecue grills, cooking with a convection grill offers faster pre-heat times, reduced gas consumption, and increased cooking control.

High velocity fans located at the rear of the grill circulates heated air around and against the food creating an overall ambient temperature. The result of this motion is even baking and delightful textures. Convection barbecue grills also reduce cooking times up to 30% and use up to 25%

less fuel than traditional barbecue grills. By adding convection control to a barbecue grill, grilling enthusiasts can now enjoy the convenience of baking outdoors while grilling their favorite meats, vegetables and poultry at the same time.

BUILT-IN TOP GUN™ 5-BURNER CONVECTION GRILL

The innovative Top Gun™ 5 Burner Convection Grill has been designed to fit any Cal Flame barbecue island! It features five cast stainless steel burners and a powerful centrifugal fan that uniformly circulates heat throughout the grilling area. It also features a glass window on the hood for your grilling convenience and a striking light feature on each stainless steel knob - a Cal Flame exclusive!

BBQ Grill Top Gun™ 5-Burner Convection Grill
Model No.: BBO18875CTG
Dimensions: 39" W x 24" D x 22 7/16" H
Cut-Out Dimensions: 38 1/4" W x 22" D x 9 1/2" H
BTU: Five (5) 15,000 BTU Cast Stainless Steel Burners
 Two (2) 10,000 BTU Ceramic Core Infrared Burners
 One (1) 2,500 BTU Stainless Steel Burner **Total BTU:** 95,000

FEATURES

- Patented Convection Technology
- Patented Cast Stainless Steel Knobs with multi-colored LED Bezels
- Seamless Design with Durable 304-Stainless Steel Construction
- 1,000 sq. in. Cooking Surface

BUILT-IN G SERIES™ CHARCOAL BARBECUE GRILL

For barbecue purists there is no substitute for a charcoal grill. Charcoal burns at a higher temperature than gas, allowing a skilled grill master to easily sear meat. This 800 sq. in. charcoal grill features sturdy 430-Stainless steel construction as well as a temperature gauge and exclusive V-patterned grates. An ergonomically designed handle easily cranks the charcoal tray to your desired height giving you the control you need to adjust the distribution of heat produced from your charcoal briquettes. Including a charcoal grill to your outdoor kitchen is a perfect choice for recipes that require a traditional smoke flavor.

BBQ Grill G Series Charcoal
Model No.: BBO18G07D
Dimensions: 31 3/4" W x 20 7/8" D x 22 7/16" H
